

Shell Houston Open

7AM Weather Update Saturday April 4, 2009

Synopsis: Partly cloudy, warm, and humid today with an afternoon high near 80 degrees. Southeast winds at 8-15mph this morning are expected to increase to 15-25mph by this afternoon. A cold front is forecast to arrive on Sunday morning and could produce a shower or two before noon. Skies will clear behind the front and winds will substantially increase. Northwest winds sustained at 15-25mph could gust to 30mph at times on Sunday afternoon.
