

## Shell Houston Open

### 7AM Weather Update Sunday April 5, 2009

**Synopsis:** Mostly cloudy this morning with a slight chance of light showers before 8am. A cold front will push through the area mid morning with clearing skies expected behind the front. Winds will remain relatively light through the morning hours, but will substantially increase around noon. Northwest winds of 20-30mph will gust over 35mph through the afternoon hours. Humidity values will also dramatically drop by this afternoon. Monday's forecast calls for cool and windy conditions with an afternoon high in the mid 60s and northwest winds at 15-25mph.
