7am Weather Update Sunday March 16, 2014

Synopsis:

It will be warm and humid today ahead of a frontal boundary moving through Gulf of Mexico. Clouds will build in across the region later today, but we should remain dry here in Florida until after sunset. It will become windy this morning and continue through the afternoon. Winds will shift from southeast to southwest throughout the day. Wind speeds of 10-20 mph are expected with gusts of 20-30 mph likely as well.
