7:00AM Weather Update: Sun, Feb. 22, 2015

Synopsis: An upper level low pressure system will continue to drop south into Central California and produce cloudy skies and a few light showers this morning. As the low gets closer, the showers will become more numerous this afternoon and become a steady rain by late afternoon into Sunday night. Temperatures will remain on the cool side today, holding in the upper 50's to low 60's. Scattered showers will continue on Monday morning, before improving during the afternoon.
