## 10 AM Weather Update Sunday Dec 7, 2014

### Synopsis:

There will be a mixture of clouds and sunshine today. Northerly winds are increasing behind a cool front diving southward over the state this morning. Temperatures will be cooler than in recent days, with an afternoon high in the lower 70s. A few sprinkles may occur this morning through early afternoon, but for the most part we will remain dry. Even cooler weather is anticipated over central Florida next week.
