7:30AM Weather Update: Sun, May 10, 2015

Synopsis: HAPPY MOTHER'S DAY!!!! Sunny skies this morning will give way to partly cloudy skies during the afternoon. It will be warmer today with highs in the mid to upper 80's before the sea breeze knocks the temperatures down a few degrees this afternoon. Can't rule out an isolated shower or thunderstorm developing during the late afternoon and evening as the sea breeze moves inland. Any showers that develop, will dissipate later this evening as we lose the heating of the day. Similar conditions can be expected on Monday with a slight chance of showers or t-storms possible during the afternoon.
