FedExCup Playoffs Since 2007

Advancing from Outside the Cutline in 2 Consecutive Weeks

In 2009 and 2010, **Marc Leishman** and **Andres Romero** were the only 2 players to advance from outside the cut line in 2 consecutive weeks of the Playoffs. In 2009 **Leishman** entered the Deutsche Bank Championship outside the top 70 (93rd) moving to 67th with a T-15th finish. He then vaulted 51 spots, (from 67th to 16th) on a T-2nd finish at the BMW Championship advancing the TOUR Championship. In 2010, **Romero** began The Barclays outside the top 100 (115th) moving to 100th with a T-52nd finish. He then moved from 100th to 68th at the Deutsche Bank Championship with a T-11th finish.

In 2011 both **Ernie Els** and **Chris Stroud** were the only 2 players to advance from outside the cut line in 2 consecutive weeks of the 2011 FedExCup Playoffs. Els was the only player who entered the Wyndham Championship (was 126th) outside the top 125. Both Els and Stroud were eliminated at the BMW Championship.

Geoff Ogilvy was the only player to advance from outside the cut line in each of the last 2 weeks of the 2011 PLAYOFFS. Ogilvy began the Deutsche Bank ranked 91st and moved up to 69th. At the 2011 BMW Championship he moved from 69th to 24th with his solid final round performance. Ogilvy began his 2011 Playoff campaign ranked 79th and entered the TOUR Championship ranked 24th (lowest ranked entering the 2011 Playoffs to make the TOUR Championship).

In 2012 & 2013 no player advanced from outside the cutline in two consecutive weeks of the FedExCup Playoffs.

Advancing from Outside the Cutline in 3 Consecutive Weeks

2014: Morgan Hoffman is the first player in the history of the FedExCup Playoffs to play his way from outside of the cut line in each of the first 3 FedExCup Playoff events. In the 8 year history of the Playoffs, 6 players have played their way from the outside in 2 consecutive weeks but Hoffman is the first to accomplish this feat in 3 consecutive weeks. Hoffman went onto finish T-27th at the TOUR Championship finishing a career best 26th in the FedExCup.

The Odds of Advancing from Outside the Cut line in a FedExCup Playoff Event: From 2009 to last season (current points structure), there have been 570 instances (based on various tiers) where a player has started outside cut line in a FedExCup Playoff event. In 91 of those 570 instances has a player been able to advance from outside the cut line in a given week (16% success rate). Just 6 players have advanced from outside the cut line in 2 consecutive weeks and Hoffman is the only player to advance from outside in 3 consecutive weeks.

Top 5 Entering the TOUR Championship

At the TOUR Championship, all 30 players have a mathematical chance to win the Cup but the top 5 control their own destiny - a victory in Atlanta and that player wins the FedExCup.

In the 8 year history of the FedExCup Playoffs, **Jim Furyk** and **Bill Haas** are the only 2 FedExCup champions to start the TOUR Championship ranked outside the top 5 of the standings (Furyk started 11th & Haas started 25th).
