

WGC Cadillac Match Play

9am Weather Update Thursday April 30, 2015

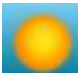

Synopsis:

Sunny skies and warmer temperatures are forecast today with a high near 70 degrees. Light east winds this morning will shift to the west/northwest at 6-12mph after noon. Friday will bring another day of warm temperatures along with sunny skies. A weak onshore gradient will develop on Saturday with the marine layer returning to the Bay Area. Cooler temperatures are forecast this weekend along with morning low clouds and possible fog.
