## Event History and Fact Sheet

The 12th Presidents Cup will be contested at Liberty National Golf Club in Jersey City, New Jersey, USA. Nick Price will return as captain of the International Team, and Steve Stricker makes his debut as the lead for the U.S. Team.

The first Presidents Cup was played September 16-18, 1994, at Robert Trent Jones Golf Club in Virginia, USA. The U.S. Team, captained by Hale Irwin, defeated the International Team, captained by David Graham, 20-12.

The United States also won the second Presidents Cup, held September 13-15, 1996, played again at Robert Trent Jones Golf Club. Arnold Palmer, no stranger to high-level international competition, had the reins as the United States edged Peter Thomson's International Team, 16-1/2 to 15-1/2.

The 1998 Presidents Cup was played December 11-13 at The Royal Melbourne Golf Club in Melbourne, Victoria, Australia. The International Team made the most of home-field advantage, winning 20-1/2 to 11-1/2. Jack Nicklaus served as captain of the U.S. Team, while Thomson repeated his role as captain for the International Team.

In 2000, the Presidents Cup returned to Robert Trent Jones, with the United States avenging its 1998 loss with a decisive 21-1/2 to 10-1/2 victory over the International Team. Thomson captained the International Team for a third time, while Ken Venturi was victorious in his debut as U.S. Team captain.

The 2003 Presidents Cup was held at The Links at Fancourt Hotel and Country Club Estate in George, South Africa. The competition ended in a tie, after both teams completed regulation with 17 points. Ernie Els of the International Team and Tiger Woods of the U.S. Team were designated to represent their teams in a sudden-death playoff. After three playoff holes, and as darkness was descending, Captains Gary Player and Nicklaus, in the spirit of the competition, decided that the two teams would share the Cup.

In 2005, Nicklaus and Player returned as captains, and the matches were held once again at the Robert Trent Jones Golf Club. The tie from 2003 was broken with an 18-1/2 to 15-1/2 U.S. victory.

The U.S. Team wrapped up its fifth Presidents Cup victory in seven tries at The Royal Montreal Golf Club in 2007 with a 19-1/2 to 14-1/2 victory, the U.S. Team's first at an international venue in the competition's 13-year history, led once again by Nicklaus. David Toms earned the most points for the U.S. Team, while Woody Austin earned a new nickname - Aquaman - after falling into the lake on hole 14 while attempting a shot. And while his team did not win, Canadian golf hero Mike Weir thrilled the crowds with a 1-up victory over World No. 1 Tiger Woods in Sunday's singles competition.

Player captained the International Team for a third and final time.

In 2009, the Presidents Cup was held at TPC Harding Park in San Francisco, Calif., one of the top public golf properties in the United States. Two of the most dominant players on the PGA TOUR during the 1980s and 1990s, Fred Couples and Greg Norman led the U.S. and International Teams, respectively. The 2009 Presidents Cup marked the first time in event history that both captains were former participants. Couples has appeared four times (1994, 1996, 1998, 2005) for the United States and Norman three (1996, 1998, 2000) for the Internationals, and both factored prominently in victories secured by their respective teams. As first-time captains, Couples and Norman each led strong teams with the U.S. Team retaining the Cup, winning for the sixth time by a score of 19-1/2 to 14-1/2.

The ninth playing of the event occurred November 15-20, 2011, at The Royal Melbourne Golf Club in Melbourne, Victoria, Australia, which was the first international venue to host this prestigious competition more than once. The U.S. Team captured the Presidents Cup for the seventh time, led once again by Captain Couples and a 5-0-0 performance by veteran Jim Furyk. Tiger Woods clinched the Cup for the United States with a 4-and-3 win over Australia's Aaron Baddeley in Sunday Singles. For Woods, it was the second consecutive time he had scored the winning point at the Presidents Cup, becoming only the second player to accomplish that feat (Couples, 1994, 1996) and the first captain's pick to do so. Norman's International Team was outscored 8-3 in foursomes and eventually lost the Cup by four points (19-15).

In 2013, the Presidents Cup was played at Muirfield Village Golf Club in Dublin, Ohio, which became the first golf course to host the Ryder Cup, The Solheim Cup and the Presidents Cup. Nick Price, who owns the distinction of the captain with the most Presidents Cup experience as a player (five appearances) led the International Team, which was defeated by Couples' U.S. Team, 18-1/2 to 15-1/2, despite an impressive Sunday charge by the Internationals. Woods once again clinched the victory for the U.S. Team for the third straight time, becoming the first player in event history to accomplish that feat. Couples became the winningest captain in Presidents Cup history with a 3-0-0 record.

The Presidents Cup was held in Asia for the first time when the 2015 edition was played at Jack Nicklaus Golf Club Korea in Songdo IBD, Incheon City, Korea. A tight battle between the United States and International teams brought the competition to the final match and the final hole. Bill Haas, son of U.S. Captain Jay Haas and a captain's pick for the team, secured the winning point in dramatic fashion against South Korea's Sangmoon Bae on the 18th hole.

### U.S. TEAM

The top 10 U.S. players who earn the most official FedExCup points from September 15, 2015, through September 4, 2017; points earned in 2017 were doubled. Two captain's picks were made on September 6, 2017.

### INTERNATIONAL TEAM

All matches are worth one point each, for a total of 30 points. There are no playoffs, with each side receiving a half point if a four-ball, foursomes or singles match is tied after 18 holes. In a change inspired by the events of the 2003 Presidents Cup, if the match is deadlocked at the end of singles play, the competition will be deemed a tie and the teams will share the Presidents Cup.

## PURSE:

Unlike many other events, the players do not receive prize money based on performance. Instead, the PGA TOUR pledges to contribute to charities, which are nominated by the players, captains and captains' assistants from both teams.

Buck Foundation (\$100,000) and more than \$1 million for the establishment of The First Tee Korea in 2015; bringing the total amount generated for charity to more than \$38.4 million (US).

## TROPHY:

Created by Tiffany & Company, the Presidents Cup trophy weighs a total of 28 pounds. The trophy is spun by a spinner from five sterling silver circles into five different shapes. The spun components then are put together by a silversmith to create a cup. The smith runs a roller die to create the beaded embellishment that goes around the cup and the foot of the trophy. The oval logo is etched and applied on the cup. Labor dedicated to creating the trophy totaled 80 hours (spinning, smithing, finishing). The entire trophy is vermeil in 24-carat gold, and the original trophy is housed at the World Golf Hall of Fame in St. Augustine, Florida.

# Glossary of Match-Play Terminology

**Team:** The team is the entire 12 players and captain(s).

**Match Play:** Match Play is the game played by holes.

**Advice:** Any counsel or suggestion that could influence a player in determining his play, the choice of a club or the method of making a stroke. Each team may appoint one person who may give advice to members of that team. Such person must be identified to the Committee before giving advice.

**Side (not team):** A side is a player, or two or more players who are partners (Foursomes or Four-ball)

**Partner:** A partner is a player associated with another player on the same side.

**Opponent:** In match play it is never a competitor, always an opponent or player.

**Four-Ball (not Best Ball):** A Four-ball match is when two play their better ball against the better ball of two other players.

**Order of Play in Four-Ball:** The balls belonging to the same side may be played in the order the side considers best.

**Foursomes:** A Foursomes match is when two play against two, and each side plays one ball. Players alternate hitting tee shots.

**Singles (not individual):** A singles match is when one plays against another.

**Committee:** "The Committee" is the committee in charge of the competition.

**Referee:** The referee is one who is appointed by the committee to accompany players to decide questions of fact and apply the Rules. He shall act on any breach of a Rule that he observes or is reported to him. A referee's decision is final.

**Observer:** An observer is one who is appointed by the Committee to assist a referee to decide questions of fact and report to him any breach of a Rule.

**Honorary Observer:** An honorary observer is one who is appointed by the Committee to assist the observer.

**Reckoning of Hole (status of match):** Reckoning of holes is kept by the terms: so many "holes up," or "all square" and so many "holes to play."

**Halved Hole:** A hole is halved when each side holes out in the same number of strokes.

**All Square:** A match is all square when each side has won the same number of holes as the other side, or when each hole has been halved.

**Dormie:** A match is dormie when a side is as many holes up as there are holes remaining to be played.

**Concession of next stroke, hole or match (Rule 2-4):** When the opponent's ball is at rest or is deemed to be at rest under Rule 16-2, the player may concede the opponent to have holed out with his next stroke and the ball may be removed by either side with a club or otherwise. A player may concede a hole or a match at any time prior to the conclusion of the hole or the match. Concession of a stroke, hole or match may not be declined or withdrawn.

**Claims (Rule 2-5):** Any claim or dispute which arises between sides shall be made to the referee before any player in the match plays from the next teeing ground or, in the case of the last hole of the match, before all players in the match leave the putting green.

## Practice (Rule 7) is allowed as follows:

1. Before or between rounds, a player or players may practice on the course.
2. During the round, a player shall not practice either during the play of a hole or between the play of two holes, except that, between play of two holes, the player may practice putting or chipping on or near the putting green of the last hole played, any practice putting green or the teeing ground of the next hole to be played in the round, provided such practice stroke is not played from a hazard and does not unduly delay play. Strokes played in continuing the play of a hole, the result in which has been decided, are not practice strokes.

## Liberty National Golf Club

**Steve Stricker is a five-time Presidents Cup participant and served as a Captain's Assistant to Jay Haas in 2015.**

# Liberty National - Hole-by-Hole

## **Hole #1: PAR 4 / 427 yards**

The opening hole at Liberty National is also one of the most demanding. It requires two precise golf shots; anything less leaves you vulnerable to bogey or worse. The downhill tee shot doesn't require driver, but a shot in the fairway is key to success. Water framing the entire left side of the hole makes even a short approach shot seem daunting.

## **HOLE #2: PAR 5 / 538 yards**

This par 5 gives you plenty of driving room with the exception of a fairway bunker on the right. Depending on wind conditions and quality of tee shot, this par 5 can be reached in two shots. Water starts 300 yards out and extends all the way to the green, requiring attention to be paid even to a layup shot. This large receptive green gives many interesting hole locations.

## **HOLE #3: PAR 4 / 484 yards**

The challenges on this par 4 begin on the tee box, as the landing area is framed by bunkers on both left and right sides of the fairway. This large green is very shallow and extends left to right; an approach shot is best played from the left side of the fairway. Four is a very good score.

## **HOLE #4: PAR 5 / 611 yards**

This is the longest hole on the golf course and begins with a demanding drive from an elevated tee. For most players, this is a three shot hole. It is critical to position yourself with the best possible angle for your approach shot. A well-bunkered green that shapes left to right makes for a number of different shots required to have a good opportunity for birdie.

## **HOLE #5: PAR 4 / 474 yards**

This hole provides another elevated tee shot that requires the player keep short of the creek that runs across the fairway. Depending on wind conditions, a driver may not be needed. The second shot is uphill and the player's inability to see the putting surface adds an element of uncertainty.

## **HOLE #6: PAR 4 / 513 yards**

The longest par 4 on the course points the players back to the clubhouse and the New York skyline. A slight dogleg right, a lateral water hazard runs the entire length of the hole on the right side. A large bunker on the left comes into play with an errant tee shot. Most players will play a mid-iron into the deepest green on the course. Three bunkers, one on the left and two on the right, frame the green, which has multiple levels and many possible hole locations.

## **HOLE #7: PAR 3 / 250 yards**

The longest par 3 on the course, but the yardage is a little deceptive because of the downhill tee shot. The sensible play is to play for the front right of the green, taking out the water that surrounds the entire left side and the very difficult collection area to the right.

## **HOLE #8: PAR 4 / 431 yards**

Another dramatic elevated tee shot gives the players the option to hit to the left or right of the bunkers that split the fairway. The left fairway provides the best angle to all hole locations. The green is surrounded by bunkers and there are collection areas both back and left of the green that should be avoided at all costs.

## **HOLE #9: PAR 5 / yards**

This reachable par 5 forces players to think carefully when planning their second shot. After a relatively easy tee shot, players are faced with a decision to either aggressively go for the green, which requires carrying the lake that fronts it, or lay up to the right and try to make birdie with a wedge. The Statue of Liberty is never out of sight and this hole offers one of the best views of the monument.

## **HOLE #10: PAR 3 / 150 yards**

The shortest hole on the golf course is Liberty National's signature hole. Located on New York Bay, it offers unobstructed views of the Statue of Liberty, The Manhattan skyline and the Verrazano Narrows Bridge. All shots will be with a wedge or short iron into a green that is well protected by bunkers, fescue and a lateral hazard surrounding the green. Players will face swirling winds that make club selection critical.

## **HOLE #11: PAR 4 / 481 yards**

A very strong and demanding hole which requires both length and accuracy off the tee. Two deep bunkers protect the left side and three bunkers are located on the right side of the fairway. The green is set into a natural amphitheater with one huge wrap-around bunker left. The putting surface is divided by one large undulation in the center of the green, which makes the green extremely quick from back to front.

## **HOLE #12: PAR 4 / 325 yards**

This is a short, drivable par 4. Players will gamble and try to drive the green, especially in the Four-ball matches. A waste bunker and water hazard runs up the entire right side of the hole and comes into play, especially since the wind often blows from the left. The green slopes towards the water hazard, making any shot played from the left side of the green extremely difficult, including from the lone greenside bunker on the left.

## **HOLE #13: PAR 4 / 445 yards**

A strong, straightforward par 4 that plays back towards the Bay, often played into the wind. A series of bunkers line the left side of the fairway, with two bunkers and fescue on the right side. The two-tiered green is unique in that the left side is higher than the right. Two large bunkers protect all center and right pin placements. The putting surface is also protected by slopes on the left side and heavy rough to the rear of the green. Expect to see a wide variety of shots played should anyone miss this green in two.

## **HOLE #14: PAR 4 / 490 yards**

The entire hole sits on the Bay with unobstructed views of the Statue of Liberty. Players will face a demanding tee shot which is lined by deep bunkers on each side and a variety of wind conditions, especially in the afternoon. The green slopes from back to front and is protected by three bunkers, making club selection critical on the second shot. Look for this green to be extremely quick, especially when the wind kicks up.

# Liberty National - Hole-by-Hole

## **HOLE #15: PAR 4 / 398 yards**

This is a short dogleg right requiring an accurate tee shot to avoid the water hazard that lines the right side and creek that runs across the end of the fairway. Players will hit a short iron or wedge into a green that is protected by deep bunkers on the left. Pin placements on the rear of the green tend to be very quick with severe breaks, while front pin placements are very accessible and likely will be rewarded with a flat putt for birdie.

## **HOLE #16: PAR 3 / 219 yards**

Facing directly towards the Statue of Liberty, this hole plays differently from day to day and often changes throughout the round due to changing winds. Liberty's second-longest par 3, expect players to hit a mid to long iron into a green that is well protected by a large bunker to the left side and a single bunker that frames the right.

## **HOLE #17: PAR 4 / 395 yards**

Accuracy off the tee is required. The left side of the fairway slopes severely left, leaving the player with a blind second shot over two large mounds into the most severe green on the course. Players must also avoid the bunkers which protect the right side of the fairway. Shots that miss the green to the right, left or short will roll away from the green severely, requiring tremendous skill in salvaging par.

## **HOLE #18: PAR 3 / 193 yards**

The Manhattan skyline provides a dramatic backdrop for the closing hole. The figure eight shaped green, which slopes from back to front, has two distinct areas for hole locations. Club selection is key as any shot that misses the green in either hole location requires a difficult up-and-down to save par. Expect to see plenty of excitement in any match that reaches this hole!

## Impact of the Presidents Cup is Felt Worldwide

The Presidents Cup has grown from little more than an idea in the early 1990s to one of the most anticipated events on golf's global calendar. Along the way, this world-class competition has not only brought together the game's best, but has also established itself as an event that stands for international goodwill and a positive, charitable impact across the globe.

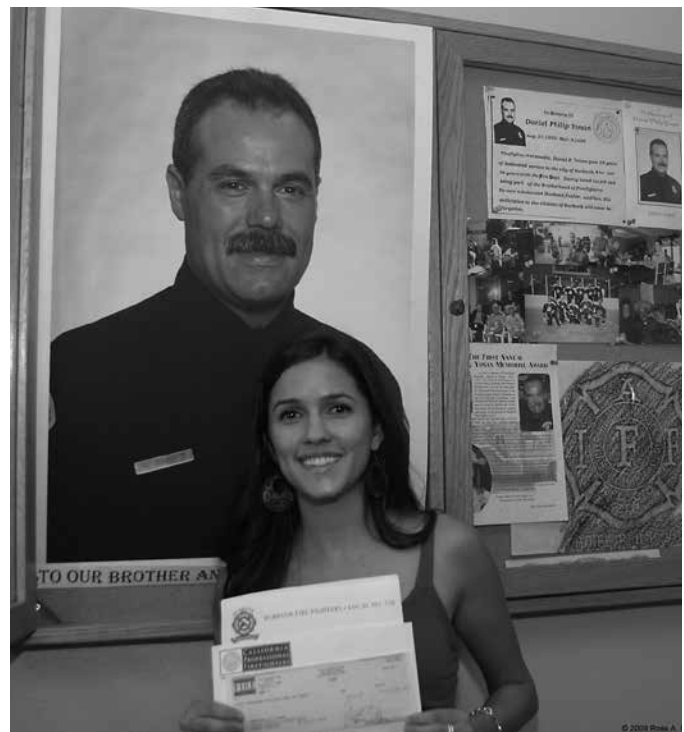

Unlike most sporting events, players are not paid for their participation in the Presidents Cup; there is no purse or prize money. Instead, each competitor designates charities or golf-related projects of his choice to receive a portion of the funds raised through the staging of each Presidents Cup.

With players, captains and captains' assistants hailing from dozens of countries, their donations have positively impacted a variety of charitable causes around the world. From funding for teachers and facilities in earthquake-ravaged Haiti to support for programs that bring golf to the disabled in South Africa; from providing school lunches for underprivileged children in Korea to medical care for neglected animals in Greenville, South Carolina; from scholarships for children of fallen California firefighters to addiction recovery programs in Australia – these are but a few examples of the myriad ways those involved in the Presidents Cup have been able to affect change in their communities, home countries and globally.

In total, more than \$38.4 million has been distributed to at least 470 charities in 15 countries since the inception of the Presidents Cup in 1994. For more information, visit [www.presidentscup.com](http://www.presidentscup.com).

Robert Allenby, pictured above with a patient from Challenge Cancer, has raised more than \$17 million through his foundation - and Presidents Cup proceeds - to support children with cancer and life-threatening diseases.

Fred Couples' donation to the California Fire Foundation via the Presidents Cup 2009 helped to fund college scholarships for children of California's firefighters who died in the line of duty. Heather Yonan, pictured above, was one of the scholarship recipients, thanks to Couples' donation, and was the first member of her family to attend college.

Fatou Sogoyou, pictured above, earned an Earl Woods Scholarship and recently interned at the Environmental Protection Agency. His scholarship is funded, in part, by money Tiger Woods receives through his Presidents Cup participation.
