

# Wells Fargo Championship 7AM Weather Forecast Fri, May 5, 2017

Time	8am	10am	12pm	2pm	4pm	6pm
Sky						
Weather	Rain and T-storms	Chance of showers/T-storms	Showers/T-storms likely	Slight chance of showers	Partly cloudy windy	Partly cloudy windy
Rain Chance %	100%	40%	60%	20%	0%	0%
Temp (F)	68	78	78	80	83	78
Winds (mph)	S 12-18G25	SSW 12-18 G25	SSW 12-18 G25	SW 15-20G30	SW 15-20G30	SE 15-20G30

**Today:** A line of strong to severe t-storms will continue to move across the area over the next several hours with isolated tornadoes, damaging wind and very heavy rainfall possible. There will likely be a lull in the precipitation around mid-morning before the cold front arrives around noon with another round of showers and t-storms. Finally the front will push east by early afternoon with improving conditions.

**Sunrise: 617am**  
**Sunset: 758pm**

Day	Sat	Sat Nite	Sun		
Sky					
Weather	A mix of sun and clouds	Chance of showers	Mostly sunny breezy		
Rain Chance %	0%	30%	0%		
Low/High (F)	55/74	50's	54/72		
Winds (mph)	W 12-18 G25	WSW 10-15 G20	NW 10-15 G20		

**Extended forecast** – A mix of sun and clouds, breezy and cooler conditions can be expected on Saturday with highs in the low to mid 70's. One more piece of energy will rotate around the upper level low pressure system to our north. This will likely bring a chance for showers overnight Saturday before shifting east. Mostly sunny skies return on Sunday with highs in the low 70's.
