## Vijay Singh

### Quick Quotes

78<sup>th</sup> KitchenAid  
Senior PGA Championship

**Q. I guess just start by talking about your round today and kind of your mindset of the?**

VIJAY SINGH: I played pretty good. I think I struck the ball pretty good. From tee to green I was solid.

Starting on probably 11, I missed the fairway on 11 and 12. It didn't cost me anything but it cost me attempting for birdies. I was on the green but it was long.

13 I got away with it. 16, I don't know if it hurt me or not, Bernhard made a good putt. And then 3-putted 17.

But I missed a lot of putts out there. If I would have putted nicely, this thing probably would have been over a long time ago. But Bernhard played really solid, he never missed a shot and he was always on the green and he putted nicely as well, so he deserved to win. The way I played, he should win.

**Q. Anything you look back on your putting that you could kind of find a flaw or something today?**

VIJAY SINGH: I don't know, probably I over-read some putts, if anything. I should have gone with instincts more than just over-reading it. The putt on 17, I just over-read the first one and I was too concerned about the line than the speed. But the stroke feels good, it's just the ball just would not cooperate today.

**Q. You finished 17-under, which is a record for highest non-winner what does that mean for you?**

VIJAY SINGH: It doesn't really mean anything. If you don't win, it doesn't really matter.
