Winds (mph)	Variable 4-8	SE → NW 6-12 G15-18	NW 6-12 G15	W/NW 6-12 G15

Extended Forecast – Clouds will increase tonight ahead of an upper level disturbance that will pass over the area Saturday. This feature should pass through the region mostly dry, however a brief rain shower or sprinkles cant be completely ruled out Saturday evening. Dry and partly cloudy conditions are expected Sunday and Monday. Highs will be in the middle to upper 70s with overnight lows near 50 degrees. Winds will be predominately out of the northwest with some gusts over 15 mph.

Forecast prepared by DTN meteorologist Kyle Koval.
