**Today** – A ridge of high pressure will begin to build across the state today leading to partly cloudy skies and warm temperatures. There could be an isolated shower or thunderstorm that forms over the plateau this afternoon and may drift into Knoxville. Chances for rain are under 20 percent. Today's high is forecast to reach the lower 90s with southwest winds at 6-12mph.

**Sunrise: 634am**  
**Sunset: 831pm**
