Extended forecast – Shower and thunderstorm chances will be driven by sea breeze and outflow boundaries this week. The highest risk for precipitation will occur during the morning and early afternoon hours each day before the sea breeze pushes inland of Atlantic Beach. Temperatures will reach highs in the upper 80s during the tournament rounds, with heat indices in the middle 90s. Winds will be easterly throughout the week, with gusts around 20 mph Thursday and Friday afternoon.

Forecast prepared by meteorologist Joe Halvorson.
