

# Q-School Finals

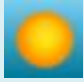

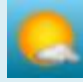

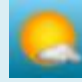

## 7am Weather Forecast

### Friday, December 7, 2018

Time	8am	10am	12pm	2pm	4pm	6pm
Sky						
Weather	Isolated showers	Scattered showers	Scattered showers	Scattered showers	Isolated showers	Partly cloudy
Rain Chance %	30%	50%	55%	50%	30%	10%
Temp (F)	53	57	62	64	65	60
Winds (mph)	Variable 3-7	Variable 3-7	Variable 3-7	Variable 3-7	Variable 3-7	Variable 3-7

**Today** – Scattered showers will be possible for much of the day, with the greatest chances from 10am-2pm. Rainfall is expected to be light to moderate in most showers, though there is an isolated risk for a heavy shower or thunderstorm. Temperatures will reach a high in the mid-60s.

**Sunrise: 7:18am**  
**Sunset: 5:20pm**

Day	Tonight	Saturday	Sunday	Monday
Sky				
Weather	Partly cloudy	Sunny	Partly cloudy	Mostly sunny
Rain Chance %	10%	0%	0%	0%
Low/High (F)	Low: 42F	42/65	39/68	43/70
Winds (mph)	Variable 3-7	Variable 3-7	NE 3-7	E/NE 3-7

**Extended forecast** – Dry conditions are forecast tonight through the weekend, with temperatures reaching highs in the middle to upper 60s. Sunday morning will see low temperatures in the upper 30s, with patchy frost a possibility if overnight low temperatures trend cooler due to clear skies and light winds.
