Extended forecast – Clouds will increase on Saturday ahead of the next approaching system. Highs should top out around 70 degrees during the afternoon. Light rain is expected to develop late Saturday night with steadier rain arriving Sunday morning. Periods of heavy rain are possible. Thunderstorms are also possible, but should mainly occur between 11am-6pm. Rainfall amounts: 0.75-1.25". Scattered showers and T-storms remain possible into Monday, especially during the afternoon.

Forecast prepared by DTN meteorologist Kyle Koval.
