Extended forecast – Breezy and mild conditions will be in place on Wednesday ahead of an approaching front. Gusts of 20-30 mph are possible during the afternoon. A brief shower could also occur as the front passes. Much cooler conditions settle over the area for Thursday and Friday, however dry conditions are expected. An area of low pressure will approach the area on Sunday with periods of showers and T-storms possible. Steadiest rain is expected during the morning. Rainfall amounts of 0.50-1.00" possible.

Forecast prepared by DTN meteorologist Kyle Koval.
