

**Q. See you in a couple weeks.**

**TOM GILLIS:** I will be there, chipping it away for another week.

It was a long week. I haven't played golf for seven days in a row in over two years, so I was happy how I held up physically and mentally. I hadn't been tested, you know, in two years, because I have been at home. I lost my status on the tour when I was 48. So, no, I'm overly pleased, really pleased.

**Q. Take me back to Victory Links when you shot well there, and you got into the field here. Did you have a feeling that something like this may happen?**

**TOM GILLIS:** Well, I shot 11 under in the practice round with two buddies, and then I shot 8 under in the qualifier, and then I was like, my game is feeling pretty good. So my expectations were still low, just because I haven't played anything of this magnitude in a couple years. So I guess I wasn't surprised, but I was probably more pleased.

**Q. That's talk about today a little bit. First, your round, take me through it. Anything that sticks out about it?**

**TOM GILLIS:** Well, I made an eagle on the third, and yeah, that pretty much got the day going.

**Q. Just a word on Kenny, just the way he played.**

**TOM GILLIS:** Yeah, he played nice. It's a tough spot, when you got a big lead like that. I thought he handled it well.

**Q. All right. Appreciate it.**
