

FRAN QUINN (-5)

Q. So a great start at a course that I think you probably like, have good memories from?

FRAN QUINN: Yeah, I do. I mean, I finished up strong last year, too, kind of secured my privileges for the following year making eagle on 18. I really came out, I played solid all day and I had a lot of opportunities. A couple hiccups. I hit it over the back of the green on 10 and missed about a five-footer for par. Then I missed about a six-footer for par on the par 3. Then hit a great shot into 15, had about eight feet and didn't make that. So overall very happy with the putting, putted very well, left maybe a couple out there, but played solid, drove it really well.

Q. Second year in a row coming to this event kind of knowing what you've got to do. Does that get you going from the first hole?

FRAN QUINN: Obviously it must. I said to my son yesterday, I said, "Man, it's going to be cold tomorrow morning." He said, "Well, you played yourself into this position, play yourself out of it." I thought that was good advice.
