Winds (mph)	S 10-20 G25	S 10-20 G25	S 15-25	W 10-20	W 10-20 G25

Extended forecast – A weakening line of showers and storms will enter northwestern Georgia this evening, possibly reaching the golf course after sunset. This activity will most likely dissipate quickly, and the main focus for active weather will come Sunday morning as a cold front crosses the region. Showers and possible thunderstorms will gradually end during the afternoon, with rainfall amounts most likely exceeding one inch before it all ends.

Forecast prepared by on-site meteorologist Willis Young.
