

ROUND 2 INTERVIEW
September 22, 2018

BRANDT JOBE (-10)

Q. What did you think out there, must have been kind of fun? I mean, it's windy but you guys kept playing pretty well?

BRANDT JOBE: I think we kind of got used to it. It was a slow front nine, no one really did much on the front nine. Jerry made a couple birdies at the end there. But back nine, I think we kind of got used to what the wind was. Of course, there's some scoring holes on the back. The front played very difficult. It was just kind of try not to screw up for a while there.

Q. And going into tomorrow, looks like there's several very good golfers within striking distance?

BRANDT JOBE: Good leaderboard. A lot of it will depend on the conditions, how much the wind's blowing. I know it's supposed to be breezy again, so that's holding the scores down right now. From the amount of rain and everything they got, the course is great now. We're still getting a lot of mud out there on the fairways, but greens are rolling good and it's getting dry, so for us to even play yesterday was amazing, so I applaud them, they did well.
