

BRANDT JOBE (-13)

Q. How much fun did you have out here this week?

BRANDT JOBE: You know, I liked the guy on the first day and the last nine holes, but other than that, the guy in the middle wasn't very good. Good week, good week, a lot of fun, great support out here. I think it was a big success.

Q. How about this group here coming down the stretch here, what were your thoughts on it?

BRANDT JOBE: You know, I played well on the back nine. I hit it well, I putted well, which is what you want to do. Got into the heap there and failed on the par 5s on the back side. I had a 5-iron and 2-iron into both par 5s, I end up making par on both. Hit one in the water, so penalty stroke, shoot 31 on the back. I kind of expect on both those par 5s to make birdie and then all of a sudden I'd be pretty happy sitting here doing that. That's the way it goes.

Q. How tough is that when you get yourself back, you gave yourself a chance, still you know, oh, man, I could have had it?

BRANDT JOBE: It's frustrating because you only get so many chances, right? I had a good chance today, especially the way I played the back nine and where I was. Gosh, I mean, 18 I've got L-wedge in, I hit it 15 feet on 17. So every hole I had a great chance on the back nine, that's all you can ask for. I just didn't get it done, which is frustrating.

Q. What about the weather here? Kenny was saying he almost felt sick today.

BRANDT JOBE: I'll tell you what, it was that perfect blend of about 80 or 82 degrees, but the humidity was perfectly high enough that you melted. It's beautiful out, but still, I'll take the heat and sweating and everything over cold all day long.

Q. How about the crowds out here this week?

BRANDT JOBE: Fantastic. The support that we got this week, I think everyone's really excited. I hope Ally's excited, but I think it was a big success this week.

Q. How was 17 today when you hit your shot in there, did it --

BRANDT JOBE: Yeah, they were good. They weren't too crazy. I think we caught them in a lull, but they were good. Great support, obviously stands are full and that's fun for us, too.
