Today: – Patchy fog is possible around daybreak that should burn off quickly after sunrise. Otherwise, mostly sunny skies can be expected today with some high cirrus clouds passing by at times. Temperatures will likely warm into the mid to upper 70s making for a pleasant day. Calm wind this morning will shift out of the west 5-10 mph by early afternoon as well.

Sunrise: 706am
Sunset: 621pm

Day	Sat	Sun	Mon		
Sky					
Weather	Partly cloudy and warmer	Partly cloudy warm	Partly cloudy and warm		
Rain Chance %	0%	0%	0%		
Low/High (F)	58/78	64/81	67/83		
Winds (mph)	S→SW 10-15	S→SW 10-15	S→SW 10-15		

Extended forecast – Little change to the extended forecast as high pressure builds over the Bahamas and dominates our weather through the weekend providing dry conditions. A warming trend is expected each day with temperatures warming above normal this weekend into to early next week.
