Today – Very strong winds continue this morning with gusts easily exceeding 30 mph. These southeasterly winds should diminish slightly as the day progresses, however gusts to around 30 mph will remain possible even late this afternoon. Outside of a very slight shower chance this morning, partly cloudy skies can be expected today.

Tomorrow – A cold front will approach Abaco on Thursday with gusty southerly winds expected during the morning hours. These winds should diminish somewhat during the afternoon as they become southwesterly. There will be a threat for showers much of the day with T-storms becoming possible by Thursday evening. Overall, the highest chances for rain will hold off until later Thursday night.
