

**BRANDT JOBE ( -10)**

---

**Q. Good second round 65 today. Are you pleased with what you got out of today's round?**

**BRANDT JOBE:** Today was really good. Over yesterday, I look like I was a whole different person. Kind of good. I hit it really bad yesterday, and I got out here and did a bunch of work. Today didn't hit it perfect, but I didn't hit any of the -- I was kind of getting the pull, so starting left, going left, so I kind of got that out. A lot easier to play when you're hitting greens and having a chance to make some putts.

**Q. Did the wind pose an additional challenge? Seemed like it was up compared to yesterday.**

**BRANDT JOBE:** Definitely a lot windier. It made you think at times. It was kind of strange, it was hard to -- a few gusts, but we kind of got fortunate I guess that we gauged it pretty good.

**Q. Talk about the finish, three birdies in the last four holes.**

**BRANDT JOBE:** Well, I hit a good drive on 15 so I only had 113 yards, so I had a wedge. The wind's not supposed to be in my face, but I'm playing it 130 and barely got it on the front edge, which was where the pin was, so that's kind of crazy. Then the next one, 167 yards. I hit a 9-iron because now all of a sudden it's straight down out of the left, so kind of trusted it and hit a good shot. Made a nice 15-footer there and made about a 10-footer on 15. Then had a good putt -- look at birdie on 17 from about 15 feet. Had about 15 feet for eagle there and two-putted.

**Q. How did you play 7, the drivable?**

**BRANDT JOBE:** I drove it right in the water. That was my only bogey of the day. Didn't hit a horrible shot, I kind of got a bad bounce. I carried the bunker at the green and it just went dead left into the water, so that was my bogey.

**Q. You were 6 back going in today, you'll probably about 2, maybe 3 tomorrow. Just talk about your chances tomorrow.**

**BRANDT JOBE:** Right now where my game's at, I'm not quite ready to say, "Here I come." I think that I would like to go out and play solid tomorrow. Right now, still really early in the year and I haven't done a lot, got a lot of playing time. I'm just going to kind of take tomorrow as go out there and if I have a chance or get it going, then great, but try and just

play a good, solid round tomorrow.
