

**Q. Hey, 18 was tough for you today?**

**OLIN BROWNE:** I didn't hit a very good tee shot in regulation and I had a lot of club in. I was in between, and I thought there was more wind, and frankly I hit a poor shot, but I ended up in a horrible situation. I played great golf today. I was comfortable, and I rolled my putts well, I hit a lot of balls well, but it's going to sting a little bit. But the reality is I played good golf, and you know what?

I feel like he had one of those days where things weren't going right for him, and then he made a couple of birdies late and ended up getting into a playoff. You have to play all 54 holes out here. I just wish I had hilt a better shot in the regulation. Give me a chance. Don't put me behind. I did it to myself, but I was very pleased with my play today.

**Q. Thanks.**
