

ROUND 3 INTERVIEW
June 9, 2019

BILLY ANDRADE (-10)

Q. You gave it a great run, but obviously he's a hard guy to catch once he pulls ahead.

BILLY ANDRADE: Yeah, he's had an unbelievable year with having the lead and not squandering it. He hasn't screwed up any of those big leads he's had in the tournaments he's won.

Going out today I felt like if I got off to a good start, which I did, I was 3 under on the front, could have been a couple more, but I didn't really put any pressure on him on the back nine. I got to 10 after 10, but gave it right back at 11, and then didn't birdie anything until 17. So it was pretty much a comfortable ride for him coming down the stretch here. It would have been nice if all of us that were up there could have put some pressure on him, but we didn't.

Q. Just quick thoughts on your overall experience this week here in Japan?

BILLY ANDRADE: Oh, it's been great. The people here are just so awesome. The golf course is fantastic. The greens, I don't think we play on greens that are any better. This is a first-class event and they do an unbelievable job. So thanks to Mastercard to be the big sponsor here and taking care of all of us, and Japan Airlines for flying us over. As you know, it's a pretty cool experience.
