

Jack Nicklaus/GT Nicklaus

Good time this week?

“Yeah, it was a good time. We didn’t play that well, but it was a good time. Two shots better today than yesterday.”

(To GT): How special was it to play with your grandfather this week?

“We play together all the time, but that’s at home. So, being out here inside the ropes with him to see how much everybody worships him is awesome. It’s pretty insane, but it’s awesome.”

(To Jack): Do you have a favorite shot of all time you hit?

“Just the one I hit at the time. When I’m asked about favorite shots, I always say that it’s the one I’m hitting right now. It better be, because that’s the one you want to hit the best. But, yeah, I hit a lot of good one irons.”

“We didn’t compete this week....I’m just not playing any good anymore. GT played nicely. He didn’t get anything in the hole yesterday, but he putted pretty well today. We just didn’t have enough chances and were too far back. But, it was a fun week.”

Thoughts on 80th birthday?

“I’m pretty lucky to get to that age. I’ve had a pretty good quality of life. I’ve been blessed with a great family, so it’s all good.”
