

## **John/Little John Daly**

### ***Good start to Sunday, 4-under through three holes?***

John: "We got off to the start we needed, but just couldn't hold it together. We tried, though. We had some opportunities."

### ***How did you play the par-5 third?***

John: "Little John's driver, little John's 2-iron and Little John's putt....it was his natural three. Putt was about 8-10 feet. I participated when he needed me."

### ***How special is it to be back here with your dad?***

Little John: "It's cool, especially to be here with guys like Jack and Lee and all those guys. It's just cool because of all they've done for the game. So, it's fun."

### ***How's the knee?***

"I just had a whole replacement done four weeks ago...new knee cap, all new insides....metal, titanium, chrome and I don't know what all else is in there. I'll be ready for Hawaii, but hopefully within two to three weeks from now, all this pain will go away. Anybody who has had this surgery knows you just can't sleep at night. It's been brutal to keep the swelling down."
