

**DAVID FROST (-4)**

---

**Q. You had a great first round here. Just your thoughts on today?**

**DAVID FROST:** Playing Pebble Beach on a calm day like this, doesn't get much better. We played yesterday, it blew about 25 miles an hour, and tomorrow's going to blow the same, so we were very lucky to have a day like this at Pebble. I have to play Poppy tomorrow where it's a little more windy -- well, a little more sheltered than here, so it was lucky for me to be on this side today.

**Q. And you were leading after the first round here last year, I believe, and you've had a couple of high finishes through the years here. What is it about this event and the format and the courses that suit you?**

**DAVID FROST:** You know, I was playing with the amateurs today, they asked me how many rounds I've played at Pebble Beach, over a hundred? I figured yeah, it must be about 120 to 130, 140 rounds.

You know, it's a golf course where the layout sort of tells you what shot you've got to hit. There's no point in standing there hitting it on the green when you're going to have an incredibly difficult putt. It's kind of like Augusta where you've got to plan your second shots. And it's been the strength of my game over the years when I'm playing well to play to the fat part of the green where you do have a putt where you could possibly make it. A lot of positions on this greens, you're defending and you're hopefully just putting for two-putts.

Yeah, it's just been -- it's the kind of golf course where I really enjoy playing. You don't have to be a long hitter out here, you can still shoot, like I did today, 4 under par and it's a good score. There are par 5s that -- two you can get home for us and then one you can't get home, so you've just got to play for birdie from 80, 90, 100 yards.

**Q. And it's a special week playing with the juniors. How did yours do today and talk about your experience walking with her at Pebble?**

**DAVID FROST:** My junior and I, we shot 1 under par today. No, I shot 4 under and together we shot 5 under. You know, it's a lot on them. It's a lot of pressure on them, I think, whether they admit it or not, to come out here and try to play par golf and birdie golf. The golf course is really challenging, especially having someone that doesn't flight the ball very well and stopping it on the greens. It makes it tough on them. But they go through so much to be able to make it out here, it's just a nice reward for them to just be here and enjoy themselves. I was trying to tell her, just relax and enjoy yourself. Doesn't matter the results, just try your best and whatever happens, happens.
