

ROUND 2 INTERVIEW
September 28, 2019

STEVE FLESCH (-8)

Q. Okay, Steve, so you had another great round today, you're in at minus 8, the leader in the clubhouse. Just your thoughts on how it went out there?

STEVE FLESCH: It got a little tougher once that wind started up, but I'm glad we're finished. We got a good draw on the tee times playing early this morning but it was chilly. I've just kind of continued my good play over the last four weeks now. I've been hitting a lot of good shots, but I'm putting very well, so I think that's the key to why I've been playing well.

Q. Any other changes that you've kind of done to get you in a good position the last few weeks? Have you been working on anything?

STEVE FLESCH: Really just my putting. I've been hitting the ball okay, keeping it in play, driving it fairly well, but my putting's really kind of come around. Just a little different attitude with the putting. Everybody's trying to make all of them, but you have to be more realistic, you're not going to make them all. But I'm a little bit of a perfectionist, so I've always tried to dial it in maybe a little too tightly, but now I'm just kind of taking my line, hitting the best putt I can and if it goes in, great. Somehow they've been finding the hole a little bit more often.

Q. How's your junior doing? I know this is a special week for you. Can you just talk a little bit about that experience?

STEVE FLESCH: Yeah. My junior was Lucas Freelove, good player, great kid from Salina, Kansas. Just had a lot of fun out there. Hits the ball a long way and I think we played pretty well. Hopefully we played well enough to play together tomorrow.
