

ROUND 2 INTERVIEW
October 12, 2019

ROD PAMPLING (-6)

Q. Here with Rod Pampling, 69, fantastic round under the conditions. It was a little breezy, a little firm, a little fast out there. Four off the lead currently as Doug barren is coming to the 18th tee right now. Talk about the wildcard. In four years, no one's gotten the wildcard. You're in a great position. Announcer's curse strikes again, hope it doesn't strike again, but it hasn't happened. You've got a good shot tomorrow to get it done. What is your thought process in regards to the wildcard and how you're approaching that?

ROD PAMPLING: Realistically, if I play some good golf, that will take care of itself. I'm not going out there thinking about the wildcard. Still at this stage I'm thinking about winning, which that takes care of the wildcard and everything.

My thought process tomorrow is just play as good of golf as I have the last two days and just try and make some more putts. We've been patient, which has been good, which that's the kind of golf course it is. It's tricky out there. At the end of the day, if I take care of my own golf and still shoot for the win, the wildcard, and hopefully it won't get the curse on that one. If we play good golf, it will happen, so I'm not really worried about it.
