

**PRE-TOURNAMENT INTERVIEW**  
**September 12, 2019**

**VIJAY SINGH**

---

**Q. Vijay, do certain courses mean anything more to you than anything, than other ones, and I would assume this one would be up there if they do?**

**VIJAY SINGH:** Well, good memories. I won three times here and played a whole lot of events out here. So whenever you come here, you remember things and all the good things that happened.

**Q. Anything special stand out when you pulled in today?**

**VIJAY SINGH:** Not really. I mean, I know I won here, so that kind of gives you a good feeling when you come and play.

**Q. How are you hitting them right now?**

**VIJAY SINGH:** I'm hitting them okay. I'm working on a couple of things and hopefully I get it ironed out by tomorrow. I played okay, I made quite a few birdies today. The golf course is really, really wet. Balls aren't going anywhere, it's going to play a lot longer. Although the course is short, it's still going to play long.

**Q. What do you like about playing on this tour as opposed to maybe the PGA or wherever?**

**VIJAY SINGH:** It's a lot more relaxed. It's three days, you can ride a cart if you want and no cut. Just fun.

**Q. You still play quite a bit on the PGA TOUR, I think you finished sixth or were in contention. Do you like honing your skills against those guys? You think you can beat them? It would make you the oldest player ever.**

**VIJAY SINGH:** I've been playing a lot. This year has been -- you know, I've been injured quite a bit, so I haven't been able to go out there and actually play well. You know, if my body's good and I'm playing well, sure, I can compete out there. But if I'm not playing well and if the body's not working, might as well just stay out here.
