

**ROUND 3 INTERVIEW**  
**September 15, 2019**

**RETIEF GOOSEN (-11)**

---

**Q. Well, you've had the round of the day, but I assume there was maybe the first hole and the last hole maybe leave a little bad taste in your mouth?**

**RETIEF GOOSEN:** Yeah, the first hole I three-putted from three feet. I had a great birdie chance and left it way past and missed the one coming back, so the start was not all that great. Managed to birdie the next and from there on I made lots of birdies, which is great. Disappointing the last couple holes I didn't get another one or two in, but yesterday was really the killer for me. So we move on to next week.

**Q. What do you do, are you -- on a Sunday, are you watching the board going, all right, I've got to (inaudible) you see what Jerry's doing? How do you approach that?**

**RETIEF GOOSEN:** Well, I definitely wasn't looking at the scoreboard today, but coming down the last four, five holes I thought to myself if I can get another four birdies in, who knows. Just didn't do that. Overall it was a nice week, nice to be back here and looking forward to be back next year.

**Q. That was going to be my next question. It's been so long since you've been here. What were your thoughts about the whole week and the event and the course and all of that?**

**RETIEF GOOSEN:** The course is in great condition despite the heavy rain we had early in the week. It's drying out nicely now actually. It's a pity we couldn't play tomorrow, but hopefully next year.
