## Phillip Price

**Q. A 67, you've been playing great all year on the Staysure Tour. What were your expectations coming in?**

PHILLIP PRICE: Pretty good. My form's been good the last couple of weeks, so I've been expecting something good happen, and hopefully it's going to be this week.

**Q. We talked a little about your Ryder Cup celebration, beating Mickelson, that type of thing. What would the celebration be like if you won here?**

PHILLIP PRICE: I think I'd probably do the same celebration. May as well.

**Q. Going into the weekend, what are your expectations, game plan? Just try and stay out of the bunkers? I know you're putting well.**

PHILLIP PRICE: Yeah, I've got to stay out of the bunkers. Didn't hit the ball that well the last couple of days, but I haven't made a lot of up-and-downs. Going to probably need to hit it better than I've done the last two days. Let's hope I can find something overnight. I hit the ball a little better for two days, so I'm not going to keep holing as many putts as I am.

Five birdies was good, I made an awful lot of saves today. Ball-striking wise wasn't quite there, but I managed to keep out of the bunkers. I just made a lot of par saves today.

**Q. You played well before, I remember you being in the top 30 here. Is this a course you enjoyed?**

PHILLIP PRICE: I played the practise round and I haven't played here in an awful long time. I didn't remember it being so good. It's such a good test of golf. Bunkers everywhere. Slopey greens. It's a great test of golf. I think it would probably best suit me.

**Q. Did you manage to stay out of the bunkers?**

PHILLIP PRICE: I managed to stay out, but I'm kind of missing too many greens. So while I'm not going in the bunkers, I'm missing in the right spots.

**Q. You're only three shots off the lead, so you must be looking forward to the weekend now?**

PHILLIP PRICE: Yeah, if I can just find something on

the range. If I can hit the ball just a little better and carry on the putter and short game stuff that I've got, I might be able to shoot another couple more 67s.
