Today – A wave of showers will move through Nassau between 6-9am this morning. This won't be a persistent rain, however several showers are possible during this period. Winds will increase for a time between 9am-2pm with gusts of 25-35 mph. Otherwise, the rest of the day should generally see sustained speeds in the 15-20 mph range with gusts to 25 mph. Shower activity could return late this afternoon but this should be more spotty in coverage. Rainfall: Less than 0.10". **Sunrise: 6:55am / Sunset: 5:46pm**

Tomorrow – Low pressure will continue to move away from the Bahamas with winds diminishing as the day progresses. Northeast winds at 15-20 mph, gusting to 25 mph during the morning should fall below 15 mph by Thursday evening. Most of the day will remain dry, however there is a low chance for a passing shower during the afternoon hours. Temperatures should reach the middle 70s.
