Drainage Conditions: Good

Turfgrass

Greens: Bentgrass / *Poa annua* .110"

Tees: Bentgrass / *Poa annua* .110"

Fairways: Bentgrass / *Poa annua* .110"

Rough: Bluegrass 1.75"

Additional Notes

- Recent work includes shaving lake banks to water's edges to primary cut height on No. 10, 11, 14, 15 and re-establish edges on bunkers lined by native plants/grasses.

- Golf course is located just below 6,000 feet and it is not uncommon to have frost on the golf course every month of the summer. 50-degree temperature swings are also common with 30s in the morning and 80s in the afternoon. The average snowfall in Truckee is 205".

- Irrigation inputs have been reduced by 25% and an organic-based fertility program promotes sustainability.

Since 1926 the Golf Course Superintendents Association of America (GCSAA) has been the top professional association for the men and women who manage golf courses in the United States and worldwide. From its headquarters in Lawrence, Kan., the association provides education, information and representation to 18,200-plus members in more than 75 countries. GCSAA's mission is to serve its members, advance their profession and enhance the enjoyment, growth and vitality of the game of golf.
