Today: – An approaching cold front will bring a line of showers and isolated thunderstorms across the Naples area between 10am and 12pm today. Heavy rainfall and strong gusty wind will be possible with these storms. The front should push through the area by early to mid-afternoon with clearing skies. It will be a nice evening with clear skies and less humid conditions with temperatures cooling into the 60s.

Sunrise: 705am / Sunset: 536pm
