Temp (min/max)	70/92	68/90	70/91	71/93
Winds (mph)	N→NE 6-12	ENE 5-10	E 4-8	NE 4-8

Extended forecast – Weak upper level energy will be dropping south across the state on Friday that could produce an isolated shower or thunderstorm as it passes during the afternoon. Otherwise most locations will remain dry with highs in the low 90s. A ridge of high pressure will dominate our weather through the weekend providing partly cloudy to mostly sunny skies each day. Temperatures will remain hot with highs in the low 90s.

Forecast prepared by meteorologist Stewart Williams.
