Winds (mph)	W 7-12	W 8-13	W/NW 10-15	W/NW 10-15	NW 9-14	NW 6-12

Today – A few showers will rotate through the area this morning, with chances becoming much more isolated for the afternoon hours. An embedded weak thunderstorm cannot be ruled out with this activity, but the risk for lightning in any cell will remain a low 10-20% through the day. Otherwise expect clouds to gradually break up late in the day/early this evening. The temperature will reach a high near 79F.

Tomorrow – Dry conditions are largely expected on Sunday, with just a slim 10% risk for a pop-up shower during the afternoon hours. Some patchy fog may be possible prior to daybreak but should quickly burn off after sunrise. The temperature will reach a high in the mid-80s. Calm winds during the morning will become west-southwesterly in the afternoon but will remain relatively light.
