

BOB ESTES

Q. You made a run today, but Scott was just on fire.

BOB ESTES: Yeah, Scott played great, yeah. I don't even think he made a bogey. Yeah, I didn't think so, just a bunch of birdies. And so I was just trying to match birdies with his birdies. But I was, I think, three back at one point. So it was going to be tough to catch him if he made a few more birdies, and he did, so I ended up where I did, a couple shots back, so --

Q. And on 17 did you think about going for it in two?

BOB ESTES: I didn't have a shot. I was in a divot, in the rough, and I had a mound in front of me where the bunker was, so I had nothing. I couldn't -- anything that would have maybe gotten me to the hole, I would have hit the hill probably right in front of me, the mound. So I've had to deal with that mound before, that tee shot over to the right. So all I could do was just kind of dig something out of that divot and just kind of get it in play and then try to get it up and down, so --

Q. Just overall thoughts on your finish.

BOB ESTES: Well, the finish was --

Q. Beginning of the year.

BOB ESTES: Yeah, first tournament. The finish was really good. My game was a little bit sloppy every day, so I definitely have some things I can work on and try to tidy up. And I need to hit it better. I've got a new driver in the bag, which is a really good driver, but I probably don't have the setup quite the way it needs to be. I was pretty good for this week. And I'll have a little different setup, because I'm going to hit it a little bit longer and a little bit higher when we go to Tucson. So it was pretty good for this week. And I putted pretty well for the most part also. So I just managed my game well and shot some good scores.

Q. Thanks a lot.

BOB ESTES: Okay.
