

**ROD PAMPLING ( -11)**

---

**Q. Good round today. What's going on the last couple days?**

**ROD PAMPLING:** It's been good ball-striking, making a few putts here and there. I'm not making any mistakes. Made one at the end there on 17, but other than that, it's solid golf.

**Q. And how tough is 17?**

**ROD PAMPLING:** It's tricky, but it's not difficult. You've just got to be smart with your shots. It was nothing to do with actual holes, just on the greens where I just messed myself up with that. You can be unlucky and lucky on that hole, so hopefully be lucky tomorrow.

**Q. And what do you take from today's round into tomorrow's?**

**ROD PAMPLING:** Just same as I did today, just keep calm, let the birdies come. There's plenty out there, so don't need to panic if someone goes off early and makes a few birdies. Just keep patient and hopefully they'll all fall tomorrow.

**Q. What do you like about this course?**

**ROD PAMPLING:** It's kind of old school. You've just got to shape a few shots here left to right off the tee, right to left, so it just makes you play all the shots, which is that what we want to do and that's what the course produces.

**Q. There's a big logjam seems like at the top and you're right in the mix of it.**

**ROD PAMPLING:** Yeah, it's nice to be in the mix. Someone's going to win tomorrow, so just got to go low, get it going low tomorrow and hopefully it will be me.

**Q. Anything special you're going to do tonight or you're just going to relax?**

**ROD PAMPLING:** Nothing special. Just whatever happens, happens. Get a good night's sleep and get ready to play golf.
