Winds (mph)	Var-NW 8-16 G20	Var-NW 6-12 mph	SSE → W 7-14 mph	SSE → W 7-14 mph

Extended forecast – A cold front moves through the area early Friday which will provide some brief relief from Thursday's excessive heat, and will also bring a slight chance of a brief isolated shower Friday morning. Once this front moves through Friday, dry conditions prevail through the weekend. Winds stay mostly light through the weekend with a few gusts to around 20 mph possible Friday afternoon. Temperatures warm back into the low-mid 90s this weekend.
