Extended Forecast – The next low-pressure system will be bringing the chance for showers by Thursday evening with heavy rain/isolated t-storms and windy conditions becoming likely overnight. The rain and wind will continue into Friday morning before decreasing and becoming scattered showers/isolated t-storms before tapering off late in the day. Rainfall will likely average around 1.00" Thursday night into Friday afternoon. Dry weather will return this weekend with cool temperatures remaining on Saturday. Slightly warmer temperatures can be expected on Sunday into Monday.

Forecast prepared by meteorologist Stewart Williams.
