Winds (mph)	E→SE 6-12	S 7-14	SSW 10-15 G20	SSW 10-15	SSW 10-15

Extended Forecast – High pressure will provide another sunny day with pleasant conditions on Thursday before shifting east. A weak area of low pressure will move northward along the Mid-Atlantic Coast that could push a few showers into New England on Friday. Otherwise, warmer and more humid conditions will overspread the region this weekend setting up a typical summertime pattern. Isolated showers and thunderstorms will be possible each afternoon with the heating of the day..
