**Today** – Partly cloudy and humid conditions can be expected today with highs warming into the mid to upper 80s. Light wind this morning will generally be out of the west and will increase to 7-14 mph by 2-3pm as the sea breeze moves inland. Temperatures should cool back into the low 80s late afternoon after the sea breeze passes.

Winds (mph)	NE→NW 6-12	E→SW 10-15	S→SW 10-15 G20

**Extended Forecast** – A weak frontal boundary will stall across Central Florida on Saturday shifting the wind from the northeast during the morning before the sea breeze moves onshore during the afternoon. The front will move back to the north on Sunday allowing hot and humid conditions to return into early next week. The west coast of Florida will remain dry this weekend with any isolated shower and thunderstorm chances remaining over the interior sections.

Forecast prepared by meteorologist Stewart Williams.
