Winds (mph)	S 3-8	SW 6-12 G18 → WNW 7-14 G22	NNW 6-12 G18	WNW 5-10

**Extended Forecast** – Mostly clear skies will be in place tonight into tomorrow morning with a low temperature near 63F. A cold front will be moving across the region tomorrow afternoon bringing scattered showers with a low potential for lightning generally between 3-7pm. High temperatures tomorrow will be around 80F. Sunny skies are then expected behind the front on Sunday and Monday with lows in the mid to upper 40s and highs in the upper 60s. The strongest winds of the period are expected tomorrow and Sunday when gusts will be between 18-22 mph at times.

Forecast prepared by meteorologist Marcus Hustedde.
