City Plays From: Dalian, China | Turned Pro: 2018 | College: University of Washington

Exempt Status: Tournament Winner (thru 2022)

Career Korn Ferry Tour Wins (1): 2022 Chitimacha Louisiana Open presented by MISTRAS

*On his four birdies in the final five holes...*

"I hit some really good putts, hit to the right spots. Glad the putter was hot. Made some good putts coming in. Had a disappointing finish yesterday on this (back) nine. I was 4-over on the last five holes. It was eight shots different."

*On whether his bogey at No. 18 in the second round was on his mind today...*

"Not really. Yesterday I hit a ball in the water on my tee shot, so it wasn't really the same scenario. Today, I was between a 3-wood and 5-wood, decided to go with a 3-wood. Didn't hit it great, and I was fortunate enough it stayed up in the hazard, I had a shot at it. I hit an okay chip to 15 feet and made a good putt there."

*On his mindset being near the top of the leaderboard once again...*

"Just the same thing. You've got to play good golf to win golf tournaments, especially out here. I don't think I'm going to play defensive. Anybody can come out and shoot 6- or 7-under par on this course. I just have to keep attacking and put up a good score again."

*On appearing to have more fun this week...*

"I love this place. It's close to home, great course, great food, I've got friends coming out to watch me. It's definitely awesome for me. It's still a golf tournament. I'm still here trying to win it. (I'll) have fun while I can, but when I mean business, I've got to focus in and get my job done."

*On his unusual warmup routine yesterday...*

"That's something I do all the time, because it's golf. You never know where a ball is going to end up. Everybody who plays this game had a ball end up behind a tree, weird lie in the edge of a bunker, anything. I have to get myself prepared for all that stuff. I'm not trying to goof around. I actually had to hit a similar shot on No. 18 today in the hazard. I practice all kind of scenarios I can possibly be in, so when I'm actually in it in a tournament, I know I have the ability to do it and know what to expect from it."

*On what he learned from winning two weeks ago that he will take into tomorrow...*

"It was a little different. I was five shots behind going into the final round. The expectation definitely is different. This week, I'll be close to the top. I think it's the same mindset. I have to keep attacking, make birdies, because you never know if someone else is going to come out and shoot 6- or 7-under par and get a clubhouse lead. Just have to keep playing good golf."
