| Winds (mph) | S/SW 10-15 G20 | SW 8-14 G20 | SW → N/NE 8-14 |

Extended forecast – A front will approach the northern Bahamas on Wednesday with an increasing chance for precipitation. Current trends hold the main threat for showers/T-storms until Wednesday night with just a small chance for showers before sunset. Southerly winds should approach 20 mph during the day as well. The front will linger in the vicinity on Thursday with a continuing chance for showers.

Forecast prepared by meteorologist Kyle Koval.
