Winds (mph)	SW→W 10-15 G20	NE 10-15	NE 6-12	SW 5-10

Extended forecast – A cold front is expected to move through the region Friday into Saturday, increasing the chances for showers and thunderstorms as we go through the day into Friday night. Storms could be strong producing gusty winds and heavy rainfall at times. Scattered showers and thunderstorms will likely linger through the first half of the day Saturday before drier returns Saturday afternoon into Saturday night. Sunday will feature mostly sunny skies with lower humidity with highs in the upper 80s.
